

## Lijst met aangewezen preferente fabrikanten van geneesmiddelen (voorkeursmiddelen) in 2025

Dit is de lijst met door ons aangewezen preferente fabrikanten van geneesmiddelen in 2025. Deze lijst maakt een onlosmakelijk onderdeel uit van de polisvoorwaarden en het Reglement Farmacie van de aan de onderzijde genoemde verzekeraars.

De lijst van geneesmiddelen en preferent aangewezen fabrikanten kan veranderen: er kunnen gedurende het polisjaar geneesmiddelen en preferente leveranciers worden toegevoegd. Wanneer een medicament niet langer voor vergoeding in aanmerking komt, dan vervalt ook onze aanwijzing van de preferente leverancier voor het betreffende geneesmiddel.

**Let op!** Leveranciers kunnen producten (tijdelijk) onder een alternatief label aanbieden dan hun eigen naam. Voorbeeld hiervan is Pharmachemie, dat preferente middelen kan aanbieden onder het label Ratiopharm. Uw apotheker is op de hoogte van de laatste stand van zaken en kan u hier meer over vertellen.

In onderstaand overzicht kunt u het beste zoeken op de "Stof". Drukt u de Control- en F toets tegelijkertijd in. Er verschijnt een zoekscherm, waarin u de "Stof" kunt invoeren. Wanneer u nu op Enter drukt zal de betreffende code "Verrichting" worden gearceerd.
